

### Be a Mind Reader

Number your paper 1 to 10. Give a total of 4 clues for each spelling word. The clues can be things like it is an adjective, verb, noun, has 3 syllables, short vowel, synonym, antonym, etc.

#### **Example:**

- 1. I am thinking of a spelling word.**
- 2. The word is an adjective**
- 3. The word has two syllables**
- 4. Give the definition**

**The word: Place the words on a separate sheet of paper.**

You are to do this activity for each spelling word.

### Be a Mind Reader

1. You would use a knife or scalpel to do this.
2. The word has two syllables.
3. The word is a verb and is related to science.
4. Give the definition

The word: Place the words on a separate sheet of paper. (sect)
